Copy Charge for Patient Chart

Cost: \$5.00 Non-refundable charge per copy of a patient's chart.

This fee must be paid in full before any copies are made, sorry no exceptions.

Our office has converted to a "paperless" office. Therefore, we have no charts stored on paper but in computers. Most patient charts, especially patients seen multiple times, require many pages to be printed/ copied. It is not unusual for us to print over forty (40) pages per copy of a patient chart.

Due to an increase in cost required to print and then mail a copy of a patient chart we have implemented this copy fee.

There is NO cost for ONE copy of an eyeglass and/ or contact lens Rx; however, if you want a copy of the entire chart there IS a \$5.00 non-refundable charge.

Payment: We accept checks, Visa, Master Card, Discover Card, Money Orders and Cashiers Checks.

Make checks payable to: **Dr. Gerald Geist**

Credit Card #: _____ Exp Date: _____

3 Digits Card Issue #: _____ Name on Card: _____

Signature: _____ Date: _____

We reserve the right to change this fee without any prior notice. Per HIPAA act of 1996 we are authorized and notify you of our charge to copy a patient chart.
